IV. PUBLIC COMMENT

(Members of the public wishing to address the Commission are subject to a time limit of 5 minutes and must complete a Public Comment Registration Card located at the entry. Should a member of the public bring an item to the Commission for which the subject was not posted on the agenda of the meeting, state law provides that the Commission may receive the information but cannot act upon it at the meeting. The Commission may direct staff to contact the requestor or request that the issue be placed on a future agenda for discussion.)

Susan R. Nelson – Texas Gun Sense – wished to speak about informing the Texas public about gun safety and safe gun storage. Both Director Steven McCraw and Division Director Renearl Bowie have been supportive and we appreciate that the DPS website advocates for safe gun storage. We are making progress but she feels that a lot more can be done to educate the public regarding responsible gun ownership. She stated that she looks forward to continue working with Director Bowie to do more to advise the public regarding responsible gun storage.

I personally was shot by a person who had unauthorized access to an unsecured handgun. I am not anti-gun. My family owns a gun shop and we are members of the NRA. \$10.2 million in Federal funds

have been made available for public safety in Texas. I believe that we can improve this public awareness program and look forward to your continued support.

V. DIRECTORS REPORT

A. Case Update: Aggravated Sexual Assault of a Child

Special Agents Christian Greer and Lance Kline (sp?) – described in detail the investigation of an aggravated sexual assault of a 2 year old child by her father, Joseph Clinton Leatherman Jr. of New Boston, Texas. During the course of the investigation, it became clear that he was also abusing another 2 year old daughter from a different mother, as well as other relatives. We were able to identify the suspect through matching his hands to photographs held in his possession, and from fingerprints on photos collected while executing a search warrant on August 11, 2016. It was determined that he had several

other kids by different partners.

Aggravated Sexual Assault of a Child

JOSEPH CLINTON LEATHERMAN, JR.

A publication of the Texas Department of Public Safety, Criminal Investigations Division

Investigative Overview (Cont.)

- On August 11, 2016, investigation executed a search warrant at LEATHERMAN's residence, seizing cell phones, computers, and a pair of camouflage trousers matching clothing worn by the suspect in the child pornography images.
- During the search warrant, special agents also recovered four children, living at the residence, who were taken into protective custody by DPS. Additional evidence indicates that LEATHERMAN has had access to multiple children through various relationships and has been involved in additional sexual abuse incidents.

Investigative Overview (Cont.)

- LEATHERMAN's current wife subsequently identified the child in the child pornography images as LEATHERMAN's 2-year-old daughter.
- Special agents took photographs of LEATHERMAN's entire body, matching an injury to one of his hands to an injury seen in the child pornography images. Photos of friction ridge patterns on LEATHERMAN's fingers were also used to match him to the suspect in the child pornography images.

Investigative Overview (Cont.)

- Special agents obtained cellular tower information that indicated LEATHERMAN was at his Bowie County residence during the time of the sexual assault.
- Employment records obtained through a court order also indicated that LEATHERMAN had the opportunity to assault his daughter before coming to work that afternoon.

Working in cooperation with the FBI, the Dallas Police Department and the Texarkana Police Department, and based on overwhelming evidence, they were able to get a conviction and a life sentence for the sexual assault of his daughter on March 13, 2018.

Director Steve McCraw also asked to address a situation that occurred in May south of Dallas. A woman was stopped and questioned for DWI. She subsequently charged that the Trooper had raped her in his patrol car. This report got out on social media, and very quickly, the Trooper and his family (and actually another Trooper with a similar name as the one who made the stop and his family) began receiving threats, including death threats. As we would with any such charge, we were able to review the video records as recorded not only by the Trooper's dash cam, but also recorded by his newly issued body cam. The video record clearly showed that the allegations were totally unfounded, and the Trooper had made a proper stop by the book. Subsequent to the release of the video footage, the lawyer for the person who made the stop, apologized to the Trooper and to the Department for the false accusations made by his client.

Director McCraw thanked the Texas Legislature for funding the new cameras, and especially Senator Royce West of Dallas for his efforts in outfitting our troopers with this very useful equipment.

B. Aviation Operations

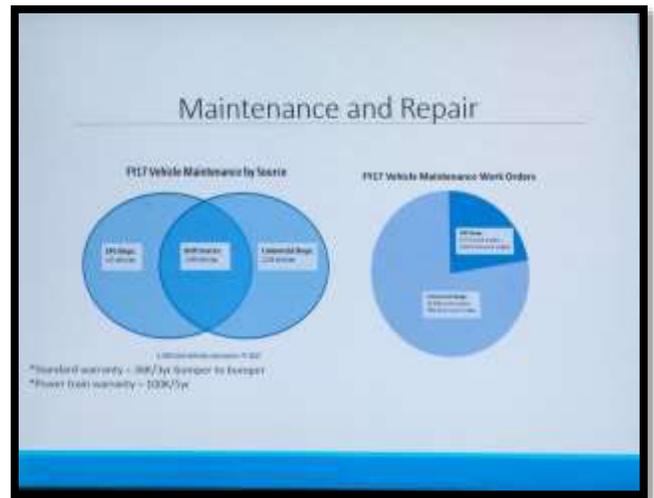

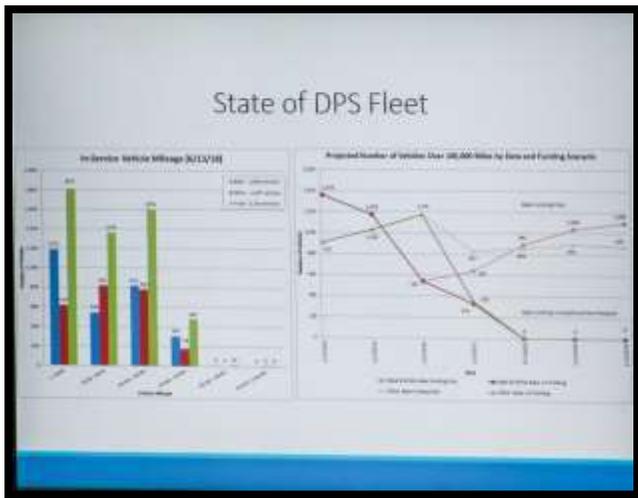

Director Steve McCraw said that they need additional time to get approval of the video that they were going to show before releasing showing it at a public meeting. He offered to share it with the Commissioners in the Executive Session if they wished.

A. Overview of Fleet Vehicle Program

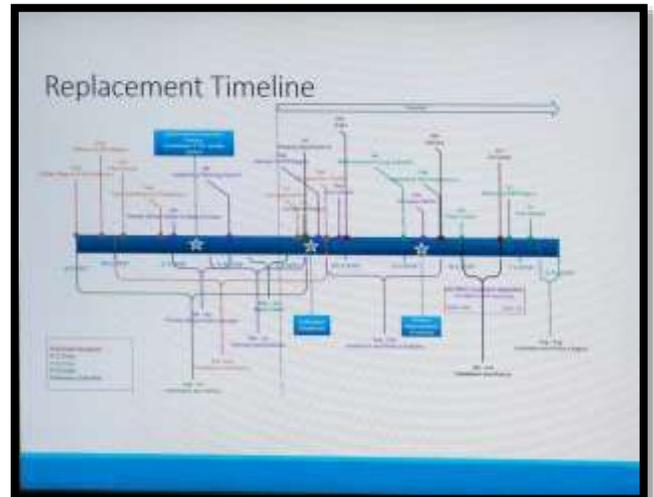

Division Director Jessica Ballew, Administration Division, and Assistant Division Director Wayne Mueller, Enterprise Services – We currently have 40% of our fleet of black and white vehicles that have over 100,000 miles on them; many have over 150,000. We are working to bring the number down for these high-mileage vehicles, at the expense of continuing to operate some of the unmarked cars with high mileage. We are asking for \$86.5 million in our base request, with an additional \$85 million in our exceptional items request. It is our hope that this will be funded by the legislature this upcoming session, and that we can move

forward in the future with \$171.5 in our base budget for vehicles. Commissioner Watson mentioned going on a ride-along and after 3 incidents where the patrol vehicle hit 120 mph, he asked what the mileage on the vehicle was and it was 158,000. He asked, in a perfect world, what would be the ideal mileage at which to replace the vehicle.

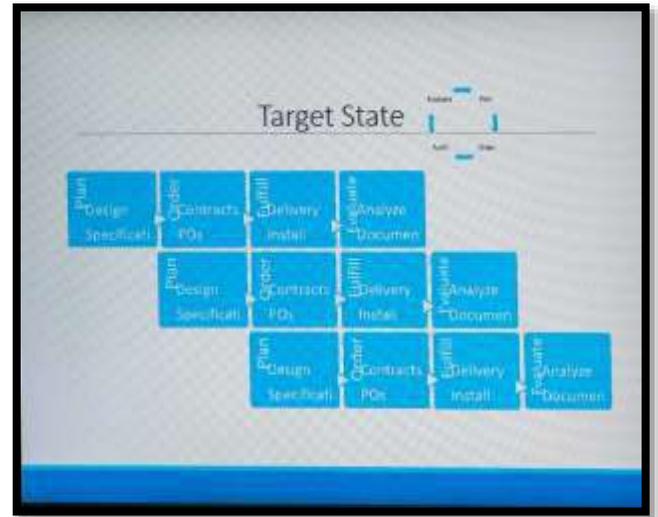

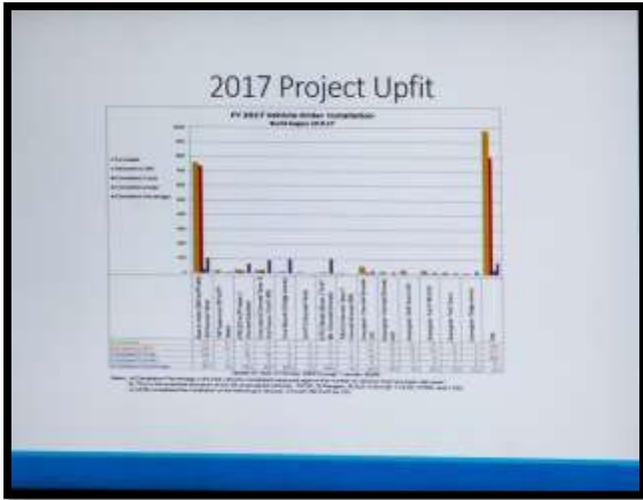

- Current State**
1. Identify vehicle design requirements
 2. Provide vehicle specifications to Texas Comptroller, State Procurement Division (SPD)
 3. Assess best value purchase options with consideration to available funding
 4. Base models purchased through SPD with additional options to support business needs
 5. Contractor installs some specialized police equipment in pursuit vehicles

Jessica Ballew – Division Director for Administration suggested that since the warranties expire at 100,000, financially that would be a good time to replace the vehicle.

Design changes needed? Keyboard access to the driver side of the vehicle; a new rifle that fits better into the holder for the rifle; etc.

- B. Report, discussion, and possible action on the following rule proposals for publication to receive public comment:

General Counsel Phillip Adkins informed the Commission that Governor Abbot has asked that all rule proposals and modifications be vetted through his office. The Chairman Mach and Counsel Adkins agreed that DPS would fully comply, but had some concerns regarding how this would affect the timeline of the process.

1. Repeal and proposed new 37 TAC Section 15.34, concerning Renewal Period Prior to Expiration

Amanda Arriaga – Division Director, Driver License – this would allow people to come in within a year of their renewal date to renew their license without a penalty on the renewal date of the new license (6 years from the current expiration date).

2. Amendments to 37 TAC Section 15.59, concerning Alternative Methods for Driver License Transactions
3. Amendments to 37 TAC Section 16.1, concerning General Requirements
4. Amendments to 37 TAC Section 37.2, concerning Commercial Social Networking Sites

Items 2, 3, and 4, - Division Director Amanda. Arriaga, Driver License Division and Division Director Mike Lesko –Law Enforcement Support Services stated that these were basic updates to rules that were fairly straight forward.

A motion made by Commissioner Leon, and seconded by Watson to move forward with the rule proposal complying with the Governor’s new mandate.

The motion carried.
